Domestic Background (Family Situation):

Wendy became an Orphan after her mother died while undergoing an operation in 2009. Wendy has no father; her mother gave birth to her while she was unmarried. The situation in this family was pathetic. All her Uncles' and Aunts abandoned her. They all decided that a young girl should be married off. She was experiencing abuse from another family member because they believed that she was HIV-AIDS positive. Wendy was taken to Hospital for her medical checkup examination, she was tested for HIV, and she was found in HIV negative.

When Beatrice came across Wendy, she had mercy upon her and brought her to her home. Beatrice is one of our Faith Works International Kissi Kenya church members.

We started counselling Wendy once she became stable. Wendy became our church member since then to now. Wendy is now in good health and smiling again. Beatrice has been requesting for God's miracle for Wendy to be assisted since she is unable to support her anymore.
